PLANNING COMMISSION ACTION AND DISPOSITION

Planner In Charge: Michelle Portier

Staff Recomm. (Abbr.): Approve closure of a sliver of the southern side of the E. Jackson Avenue right-of-way between Patton Street and Florida Street, since it is needed for the multi-use stadium/mixed use planned development, subject to 2 conditions.

Staff Recomm. (Full): 1. Project must obtain plan development approval, City Council and County Commission funding approval, and sufficient design must be completed to meet transportation needs subject to City Engineering approval before the closure can become effective. If the project does not meet the requirements, the closure shall become null and void and of no effect.
2. The City will reserve easements for all existing drainage facilities and utilities located in or within five (5) feet of the property described herein. No easements are reserved if there are no current facilities within the closure area. If any existing facilities or utilities are found not feasible to the site development or use, they may be removed and relocated, subject to City Engineering and/or other applicable easement holder review and approval.

Comments: 1. This request is to close a sliver of the southern side of the E. Jackson Avenue right-of-way between Patton Street and Florida Street.
2. The buildings abutting the right-of-way to be closed have been demolished to make way for the stadium project.
3. No address changes would be necessitated with this closure.
4. Staff has received no objections from the general public.
5. Other than comments received from City Engineering (approval conditions 1 and 2), no departments and organizations had any comments.
