**MPC ACTION AND DISPOSITION**

**Planner In Charge:** Michael Brusseau

**Staff Recomm. (Abbr.):** DENY HDR (High Density Residential) sector plan designation.

**Staff Recomm. (Full):** Approval of medium or high density residential uses for this site would be a spot plan amendment in an area surrounded by low density residential uses. The One Year Plan also proposes low density residential uses for this site and the surrounding area.

**Comments:** Both subject parcels were recommended by MPC for MDR uses and RP-1 zoning at a density of up to 10 du/ac in 2013. Those requests were withdrawn at City Council prior to final action. MPC staff maintains the same position from May and October that this location is not appropriate for medium or high density residential development, and if planned residential zoning is approved, the density should be limited to 5.99 du/ac, which is the maximum allowed under the current LDR plan designation.

SECTOR PLAN REQUIREMENTS FROM GENERAL PLAN (May meet any one of these):

CHANGES OF CONDITIONS WARRANTING AMENDMENT OF THE LAND USE PLAN:

INTRODUCTION OF SIGNIFICANT NEW ROADS OR UTILITIES THAT WERE NOT ANTICIPATED IN THE PLAN AND MAKE DEVELOPMENT MORE FEASIBLE:

No known improvements have been made in the vicinity of this site. The development pattern for this and surrounding sites is well established as low density residential.

AN OBVIOUS OR SIGNIFICANT ERROR OR OMISSION IN THE PLAN:

The West City Sector Plan appropriately designates this site for low density residential uses, consistent with the surrounding area. There is no medium density residential development or zoning along Deane Hill Dr. between Morrell Rd. and Lockett Rd., with the exception of the developing area south of Deane Hill Shopping Center, on the west side of Wellsley Park Rd., which has alternate access to Gleason Dr. The zoning along this section of Deane Hill Dr. includes either R-1 (Low Density Residential) or RP-1 (Planned Residential) at less than 6 du/ac, consistent with the low density residential plan designation within the City Limits of Knoxville. There is a site to the east, accessed by Prescott Way that is designated as MDR on the sector plan, but it is zoned RP-1 at a density of 1-5.9 du/ac, consistent with LDR, and it appears to be built out. There are no HDR designated properties in the immediate area.

CHANGES IN GOVERNMENT POLICY, SUCH AS A DECISION TO CONCENTRATE DEVELOPMENT IN CERTAIN AREAS:

There has been no change in public/government policy at this time that warrants the requested amendment to the sector plan.

TRENDS IN DEVELOPMENT, POPULATION OR TRAFFIC THAT WARRANT RECONSIDERATION OF THE ORIGINAL PLAN PROPOSAL:

The development pattern for this and surrounding sites is well established as low density residential, and there is no reason to amend the plan for this site only.

State law regarding amendments of the general plan (which include Sector Plan amendments) was changed with passage of Public Chapter 1150 by the Tennessee Legislature in 2008. The law now provides for two methods to amend the plan at TCA 13-3-304:

1. The Planning Commission may initiate an amendment by adopting a resolution and certifying the amendment to the Legislative Body. Once approved by majority vote of the Legislative Body, the

amendment is operative.

2. The Legislative Body may also initiate an amendment and transmit the amendment to the Planning Commission. Once the Planning Commission has considered the proposed amendment and approved, not approved, or taken no action, the Legislative Body may approve the amendment by majority vote and the amendment is operative.
