MPC ACTION AND DISPOSITION

Planner In Charge:

Ken Pruitt

Staff Recomm. (Abbr.):

APPROVE O-2 (Civic and Institutional) zoning.

Staff Recomm. (Full):

O-2 zoning is consistent with surrounding zoning and development and would permit the proposed parking garage

Comments:

NEED AND JUSTIFICATION FOR THE PROPOSAL

1. The applicant is proposing to construct a parking garage on this parcel for the use of the adjacent medical facility.
2. The O-2 zone allows the parking structure and is a compatible zone to the O-1 zoning to the south.
3. The proposed parking structure will be consistent with how the property is now being used.

THE EFFECTS OF THE PROPOSAL

1. Public water and sewer utilities are available to serve the site.
2. There will be no impact on schools and minimal impact on streets resulting from this proposal.
3. The recommended O-2 zoning will have minimal impact on adjacent properties, since the subject property adjoins established medical facilities.
4. The applicant has met with MPC staff and representatives from the neighborhood to discuss how the plan will impact nearby properties. The building's setback and landscaping treatment, as well as its design, should help to minimize the structure's impact on the area.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. The Central City Sector Plan proposes medium density residential use of this site, but the request is a logical extension of office and institutional uses and O-1 zoning from the south and west.
2. The One Year Plan proposes Office use for this site and includes O-2 as an appropriate zone for this area.
3. Staff would likely support future requests for O-2 zonings in the area. There may be future requests for O-2 zoning to the west and south for the established hospital and related facilities.
