MPC ACTION AND DISPOSITION

Planner In Charge: Michael Brusseau

Staff Recomm. (Abbr.): APPROVE CA (General Business) zoning.

Staff Recomm. (Full): CA is a logical extension of zoning from the north and west and will extend the commercial node at the major intersection to the west, consistent with the sector plan proposal for the property.

Comments: The applicant requested postponement at the October 14 meeting to allow time for Knox County Commission to hear the sector plan amendment for this area, which was approved for mixed uses on October 25. The applicant then requested postponement at the November 10 meeting to revise the application. Since the November 10 meeting, the application has been revised to include parcel 105.01 and has been readvertised.

NEED AND JUSTIFICATION FOR THE PROPOSAL

- 1. CA zoning is compatible with the scale and intensity of the surrounding development and zoning pattern.
- 2. CA is a logical extension of zoning from the north and west.
- 3. In August, MPC approved a sector plan amendment for this area to allow consideration of mixed uses for this property. Knox County Commission approved MPC's sector plan amendment recommendation on October 25. Since the property is adjacent to and across from commercial zoning, this rezoning proposal is reasonable.
- 4. There is a similar request for CA zoning on two parcels (101, 102) to the north across E. Emory Rd., also being considered by MPC at this meeting (12-B-04-RZ).

THE EFFECTS OF THE PROPOSAL

- 1. Public water and sewer utilities are available in the area to serve this site.
- 2. The proposal will have no impact on schools and a minimal impact on the street system.
- 3. The impact to adjacent properties will be minimal.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

- 1. The Northeast Sector Plan proposes mixed uses, limited to O, MDR and GC, for the site, consistent with this rezoning proposal.
- 2. The site is located within the Planned Growth Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
- 3. This request may generate similar requests for commercial or other zones in this area in the future, consistent with the sector plan designation.
