MPC ACTION AND DISPOSITION

Planner In Charge:

Michael Brusseau

Staff Recomm. (Abbr.):

RECOMMEND that County Commission APPROVE PC (Planned Commercial) zoning.

Staff Recomm. (Full):

PC zoning is consistent with the sector plan proposal for the property. PC development will be consistent with other zoning and development in the area. The requested PC zoning will require MPC approval of a development plan prior to any development of the property.

Comments:

REZONING REQUIREMENTS FROM ZONING ORDINANCES (must meet all of these):

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE CITY/COUNTY GENERALLY:

1. The recommendation is compatible with the scale and intensity of the surrounding land uses and zoning pattern.
2. PC zoning is consistent with the sector plan proposal for the property.
3. PC zoning requires site plan approval by MPC as a use on review prior to development. As part of this review, MPC and County Engineering staff can address issues such as landscape screening, site lighting, traffic circulation, access, drainage and other potential development concerns. It will also give the opportunity for public comment at a public hearing.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

1. PC zoning is intended for a unified grouping of commercial buildings which do not require or desire a central business district location. It is the objective of this zone to achieve the highest quality site design, building arrangement, landscaping and traffic circulation patterns possible.
2. Additionally, the zoning states that each development shall be compatible with the surrounding or adjacent zones. Such compatibility shall be determined by the Planning Commission by review of development plans. Staff maintains that PC is the most appropriate zone for future commercial development of this site.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE COUNTY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT:

1. The recommendation is compatible with surrounding development and will have a minimal impact on adjacent properties.
2. Approval of PC zoning will allow the applicant to submit a development plan for MPC's consideration. The impact on the streets will depend on the type of development proposed. Sherrill Blvd. is a four lane major collector street capable of handling the additional traffic that would be generated by the commercial development of this site.
3. Public water and sewer utilities are in place to serve the site.
4. The Knox County Greenways Coordinator has indicated that future greenways are proposed in this area (see attached map). At the time of development plan review by MPC, the applicant will be expected to work with the Knox County Greenways Coordinator to reserve easements for future greenways.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. The Northwest County Sector Plan and the Knoxville One Year Plan propose general commercial uses for this site. PC-1 zoning is consistent with that designation
2. The site is located within the Urban Growth Area (outside Knoxville City limits) on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. This proposal does not present any apparent conflicts with any other adopted plans.
