File Number: 10-Q-04-RZ **Related File Number:**
Application Filed: 9/13/2004 **Date of Revision:**
Applicant: CLARENCE E. BAYLESS, JR.
Owner:

PROPERTY INFORMATION

General Location: North side Andersonville Pike, west side Griffith Rd.
Other Parcel Info.:
Tax ID Number: 28 171 **Jurisdiction:** County
Size of Tract: 5 acres
Accessibility: Access is via Andersonville Pike, a major collector street with 18' of pavement width within 30' of right of way, or Griffith Rd., a local street with 26' of pavement width within 50' of right of way.

GENERAL LAND USE INFORMATION

Existing Land Use: Dwelling
Surrounding Land Use:
Proposed Use: Residential development **Density:** 5 du/ac
Sector Plan: North County **Sector Plan Designation:** Low Density Residential
Growth Policy Plan: Planned Growth Area
Neighborhood Context: This area is developed with residential uses under A, RA and PR zoning. There are new condominiums to the west of the site with mostly single family dwellings in the vicinity.

ADDRESS/RIGHT-OF-WAY INFORMATION (where applicable)

Street: 7701 Griffith Rd
Location:
Proposed Street Name:
Department-Utility Report:
Reason:

ZONING INFORMATION (where applicable)

Current Zoning: A (Agricultural)
Former Zoning:
Requested Zoning: PR (Planned Residential)
Previous Requests: None noted
Extension of Zone: Yes, extension of PR from the west
History of Zoning: None noted

PLAN INFORMATION (where applicable)

MPC ACTION AND DISPOSITION

Planner In Charge: Michael Brusseau

Staff Recomm. (Abbr.): APPROVE PR (Planned Residential) zoning.
APPROVE a density of 1 to 5 du/ac.

Staff Recomm. (Full): PR zoning at the recommended density is compatible with surrounding development and zoning and is consistent with the sector plan designation for the site.

Comments: NEED AND JUSTIFICATION FOR THE PROPOSAL

1. PR zoning at up to 5 du/ac is compatible with the scale and intensity of the surrounding development and zoning pattern.
2. The subject property is located along Andersonville Pike., a major collector street, making it more appropriate for higher densities than if it were located in the interior of lower density, larger lot single family residential development.
3. Other properties in the immediate area are developed with residential uses under A, RA and PR zoning.
4. PR zoning will require MPC use on review approval of site plans prior to any development of the property. During this review, potential issues such as traffic, drainage, access, topography, lot layout and other development concerns can be addressed.

THE EFFECTS OF THE PROPOSAL

1. Public water and sewer utilities are available in the area to serve this site.
2. At the recommended acreage and density, up to 25 dwelling units could be proposed on the subject property. The development of single family attached dwellings would add approximately 250 vehicle trips per day to the street system and about 3 children under the age of 18 to the school system.
3. The access drive to this residential development should be placed on Griffith Rd., as far as possible from Andersonville Pike. This is consistent with Knox County Engineering's policy on corner lots to place access points on the street of lesser intense classification. Griffith Rd. also has a pavement width of 26 feet, which is more than the standard for a local street in the County.
4. Under the recommended PR zoning and density, the impact to adjacent properties will be minimized through the use on review/concept plan process.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. The North County Sector Plan proposes low density residential uses for the site, consistent with the proposal.
2. The site is located within the Planned Growth Area of Knoxville on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. This request may generate similar requests for residential zoning on Agricultural-zoned properties in this area in the future, consistent with the sector plan proposal.

Upon final approval of the rezoning, the developer will be required to submit a concept plan/use on review development plan prior to the property's development. The plan will show the property's proposed lot pattern and street network and will also identify the types of residential units that may be constructed. Grading and drainage plans may also be required at this stage, if deemed necessary by Knox County Engineering and MPC staff.

MPC Action: Approved

MPC Meeting Date: 10/14/2004
