Staff Recomm. (Abbr.):

APPROVE the Development Plan for up to 61 detached dwelling units on individual lots, subject to 1 conditions.

Staff Recomm. (Full):

1. Meeting all applicable requirements of the Knox County Zoning Ordinance.

With the conditions noted, this plan meets the requirements for approval in the PR zone and the other criteria for approval of a Use on Review.

Comments:

EFFECT OF THE PROPOSAL ON THE SUBJECT PROPERTY, SURROUNDING PROPERTY AND THE COMMUNITY AS A WHOLE

1. The proposed detached residential subdivision will have minimal impact on local services since utilities are available to serve this site.
2. The proposed low density residential development is compatible with the scale and intensity of recent development that has occurred in this area.
3. The applicant has laid out the development to stay off the steeper portion of the site. The concept plan has included the steeper area within common area, and with the recommended conditions, that area will be protected from development.

CONFORMITY OF THE PROPOSAL TO CRITERIA ESTABLISHED BY THE KNOX COUNTY ZONING ORDINANCE

1. With the recommended conditions, the proposed residential development is consistent with all relevant requirements of the PR zoning, as well as other criteria for approval of a use on review.
2. The development is consistent with the following general standards for uses permitted on review: The proposal is consistent with the adopted plans and policies of the General Plan and Sector Plan. The use is in harmony with the general purpose and intent of the Zoning Ordinance. The use will not significantly injure the value of adjacent property. The use will not draw additional traffic through residential areas since the development has access to a minor arterial street.
2. The proposed residential development at a density of 2 du/ac, is consistent in use and density with the PR zoning of the property.

CONFORMITY OF THE PROPOSAL TO ADOPTED MPC PLANS

1. The Northwest County Sector Plan proposes low density residential development for this site. The proposed development at a density of 2 du/ac is consistent with the sector plan.
2. The majority of this site is located within the hillside protection area. The proposed concept plan includes a significant amount of the area within common areas. Staff is recommending a condition that the applicant work with staff on reducing the amount of clearing and grading within the common and provide protection measures within the protective covenants for the undisturbed areas.
3. This site is located within the Rural Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
