PROPERTY INFORMATION

General Location: Northwest side Tazewell Pike, southwest of Lambent Ln.
Other Parcel Info.:
Tax ID Number: 29 196 OTHER: ` **Jurisdiction:** County
Size of Tract: 25.6 acres
Accessibility: Access is via Tazewell Pike, a major collector street, with 22' of pavement within a 50' right-of-way.

GENERAL LAND USE INFORMATION

Existing Land Use: Vacant land
Surrounding Land Use:
Proposed Use: Single family residences **Density:** 1 to 3 dus/ac.
Sector Plan: Northeast County **Sector Plan Designation:**
Growth Policy Plan: Rural Area
Neighborhood Context: This site is surrounded scattered residential housing and an auto repair business that have developed under A and CA zones.

ADDRESS/RIGHT-OF-WAY INFORMATION (where applicable)

Street: 6523 Tazewell Pike
Location:
Proposed Street Name:
Department-Utility Report:
Reason:

ZONING INFORMATION (where applicable)

Current Zoning: A (Agricultural)
Former Zoning:
Requested Zoning: PR (Planned Residential)
Previous Requests: None noted
Extension of Zone: No
History of Zoning: None noted

PLAN INFORMATION (where applicable)

Current Plan Category: SLPA (Slope Protection Area) and AG/RR (Agricultural/Rural Residential)
Requested Plan Category: LDR (Low Density Residential) and SLPA (Slope Protection Area)

SUBDIVISION INFORMATION (where applicable)

Subdivision Name:

Surveyor:

No. of Lots Proposed: No. of Lots Approved: 0

Variances Requested:

S/D Name Change:

OTHER INFORMATION (where applicable)

Other Bus./Ord. Amend.:

MPC ACTION AND DISPOSITION

Planner In Charge: Ken Pruitt

Staff Recomm. (Abbr.): DENY LDR (Low Density Residential) designation

Staff Recomm. (Full): All the surrounding property on the south side of the ridge that extends across the north portion of this site is designated for rural residential use.

Comments:

NEED AND JUSTIFICATION FOR THE PROPOSAL

1. Other properties in the immediate area are developed with residential uses under A and RA zoning.
2. Denial of the LDR designation and approval of PR zoning at 2 du/ac or less, are compatible with the scale and intensity of the adjacent existing residential development and zoning pattern.
3. PR zoning will require MPC use on review approval of site plans prior to any development of the property. During this review, potential issues such as traffic, drainage, access, topography, lot layout and other development concerns can be addressed.

THE EFFECTS OF THE PROPOSAL

1. Public water and sewer utilities are available in the area to serve the site. The applicant has provided a letter from the utility provider that says the costs to extend water and sewer lines will be the responsibility of the developer.
2. The staff recommendation would permit a maximum of 50 units on the site. The development of fifty lots would add approximately 500 vehicle trips per day to the area street system and about 29 children under the age of 18 to the school system. The traffic engineer's assessment is that Tazewell Pike can accommodate the projected increase in traffic from this development. (See attached letter.)
3. The PR zoning at 2 dwelling per acre, or less, is compatible with other single family development in the area. The impact on adjacent properties will be minimized during the use on review/concept plan process.
4. According to the KGIS topography map and analysis attached, approximately 14 acres of the site has 25 percent slope. PR zoning is the best zone for the development of the site since it will allow public review through the use on review development plan approval process. The recommended density of 2 dwelling per acre, or less, is consistent with the site's slope constraints

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. The Northeast County Sector Plan proposes rural residential uses and slope protection for the site. However, approval of the sector plan to low density residential use for this site will allow a higher density of development to occur.
2. The site is located within the Rural Residential Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. Approval of this applicant's request may generate similar requests in this area for PR zoning at up to 3 units per acre on properties which are proposed for rural residential uses by the sector plan.

Upon final approval of the rezoning, the developer will be required to submit a concept plan/use on review development plan prior to the property's development. The plan will show the property's proposed lot pattern and street network and will also identify the types of residential units that may be constructed. Grading and drainage plans may also be required at this stage, if deemed necessary by Knox County Engineering and MPC staff.

MPC Action: Denied
