PROPERTY INFORMATION

General Location: Northwest side Twin Oak Ln., southwest of Tazewell Pike
Other Parcel Info.:
Tax ID Number: 21 001 **Jurisdiction:** County
Size of Tract: 16 acres
Accessibility: Access is via Twin Oak Ln., a local street with 14' of pavement width within 30' of right-of-way.

GENERAL LAND USE INFORMATION

Existing Land Use: Vacant land
Surrounding Land Use:
Proposed Use: Residential subdivision **Density:** 4 du/ac
Sector Plan: Northeast County **Sector Plan Designation:** LDR
Growth Policy Plan: Planned Growth Area
Neighborhood Context: This site is located within an agricultural/residential area in the vicinity of Gibbs Elementary, Middle and High Schools, zoned A, RA and PR.

ADDRESS/RIGHT-OF-WAY INFORMATION (where applicable)

Street: 7615 Twin Oak Ln
Location:
Proposed Street Name:

MPC ACTION AND DISPOSITION

Planner In Charge: Michael Brusseau

Staff Recomm. (Abbr.): RECOMMEND that County Commission APPROVE PR (Planned Residential) zoning at a density of up to 4 du/ac.

Staff Recomm. (Full): PR zoning at the requested density is consistent with the sector plan designation and will allow uses compatible with the surrounding land uses and zoning pattern. The site is relatively flat with few environmental constraints, so it is appropriate for development at the proposed density within the LDR density range.

Comments: REZONING REQUIREMENTS FROM ZONING ORDINANCES (must meet all of these):

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE CITY/COUNTY GENERALLY:

1. This site has access only to Twin Oak Ln., a local street. Twin Oak Ln. will require improvements, including widening, in order to provide access to the proposed development.
2. The property is located in the Planned Growth Area on the Growth Policy Plan and is proposed for low density residential uses on the sector plan, consistent with the proposal.
3. The proposed low density residential zoning and development is compatible with the scale and intensity of the surrounding development and zoning pattern.
4. The site is appropriate to be developed under PR zoning at the requested density. The site does not have significant slope or other environmental constraints.
5. The PR zone requires use on review approval of a development plan by MPC prior to construction. This will provide the opportunity for staff to review the plan and address issues such as traffic circulation, lot layout, recreational amenities, drainage, types of units and other potential development concerns. It will also give the opportunity for public comment at the MPC meeting.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

1. PR zoning is intended to provide optional methods of land development which encourage more imaginative solutions to environmental design problems. Residential areas thus established would be characterized by a unified building and site development program, open space for recreation and provision for commercial, religious, educational and cultural facilities which are integrated with the total project by unified architectural and open space treatment.
2. Additionally, the zoning states that each development shall be compatible with the surrounding or adjacent zones. Such compatibility shall be determined by the Planning Commission by review of development plans. Staff maintains that PR is the most appropriate zone for this development.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE COUNTY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT:

1. At the requested density of up to 4 du/ac on the 16 acres reported, up to 64 dwelling units could be proposed for the site. If developed with the proposed, detached residential units, this would add approximately 688 trips to the street system and about 28 children to the school system.
2. PR zoning at the recommended density is compatible with surrounding development and should have a minimal impact on adjacent properties.
3. The approval of this request will allow the applicant to submit a development plan with up to 64 dwelling units for MPC's consideration. The applicant will be expected to improve/widen Twin Oak Ln. from Tazewell Pike to the development entrance. Exact requirements for road improvements will be determined by Knox County Engineering as part of the plan review process.
4. The Knox County Greenways Coordinator has indicated that a future greenway is proposed along Beaver Creek through the site. A map is attached that shows a drawing of the approximate area needed for a 30 feet wide greenway easement along the east side of Beaver Creek. The developer will be expected to work with the Knox County Greenways Coordinator in dedicating an adequate

greenway easement as part of the development plan.

5. Public water and sanitary sewer utilities are available in the area, but may need to be extended to serve the site.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. The Northeast County Sector Plan proposes low density residential uses for this property, consistent with the requested PR zoning at up to 4 du/ac.
2. The site is located within the Planned Growth Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. Approval of this request could lead to future requests for PR zoning, consistent with the sector plan's low density residential proposal for the area.

Upon final approval of the rezoning, the developer will be required to submit a development plan for MPC consideration of use on review approval prior to the property's development. The plan will show the property's proposed development, landscaping and street network and will also identify the types of residential units that may be constructed. Grading and drainage plans may also be required at this stage, if deemed necessary by Knox County Engineering and MPC staff.

Action: Approved **Meeting Date:** 2/9/2017

Details of Action:

Summary of Action: Recommend the Knox County Commission approve PR (Planned Residential) zoning at a density up to 4 dwelling units per acre

Date of Approval: 2/9/2017 **Date of Denial:** **Postponements:**

Date of Withdrawal: **Withdrawn prior to publication?:** **Action Appealed?:**
