MPC ACTION AND DISPOSITION

Planner In Charge: Mike Carberry

Staff Recomm. (Abbr.): APPROVE the IH-1 (Infill Housing Overlay) for all of the subject parcels.

Staff Recomm. (Full): The IH-1 overlay was specifically created for older neighborhoods such as Oakwood-Lincoln Park. The overlay district is intended to foster infill residential development and major additions that are compatible with the design of original houses in older Knoxville neighborhoods, particularly those built prior to 1950 along grid streets that often had sidewalks and alleys. The impetus for MPC's creation of this zoning overlay came from The Oakwood- Lincoln Park Neighborhood Association who was seeking additional zoning protection for their neighborhood.

Comments:

NEED AND JUSTIFICATION FOR THE PROPOSAL

1. The IH-1 zoning overlay is appropriate for the neighborhood characteristics of Oakwood – Lincoln Park., which very specifically meet the selection criteria of the IH-1 overlay district.
2. The IH-1 overlay will promote neighborhood and economic stability by strengthening desirable features and design characteristics.
3. The proposal will add another level of zoning protection for the neighborhood, as was desired by neighborhood representatives in recent meetings with MPC staff. There was a meeting in the neighborhood on 1/18/07, where MPC staff gave an overview of the IH-1 overlay and fielded questions from residents. There were approximately 50 people present and the vast majority of people were in favor of having an IH-1 zoning overlay in Oakwood – Lincoln Park.
4. Postcards were sent to all residential property owners (zoned R-1, R-1A and R-2) in the proposed overlay, notifying them of the neighborhood and MPC meetings.

THE EFFECTS OF THE PROPOSAL

1. Public water and sewer utilities are available to serve the area.
2. This proposal will have no impact on schools and the street system.
3. The proposal is compatible with the surrounding zoning, and the impact to adjacent properties should be minimal.
4. The IH-1 guidelines will apply only to residential uses, even though some non-residential base zones are included in the proposed overlay.
5. Infill development will be required to adhere to the development standards of the Heart of Knoxville Infill Guidelines and will require a Certificate of Appropriateness from the Infill Housing Design Review Committee. Any variances from these guidelines will require approval from MPC.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. The Central City Sector Plan and the City of Knoxville One Year Plan both propose low density residential uses for the majority of the neighborhood, consistent with this proposal.
2. The rezoning is consistent with the Oakwood – Lincoln Park Neighborhood Plan that was approved by MPC and the Knoxville City Council.
3. If successful, this request could generate similar requests for IH-1 overlay districts in other residential Knoxville neighborhoods that meet the selection criteria.

MPC Action: Approved
