MPC ACTION AND DISPOSITION

Planner In Charge: Tom Brechko

Staff Recomm. (Abbr.): APPROVE the development plan for up to 60 detached single family dwellings on individual lots subject

to 3 conditions

Staff Recomm. (Full):

1. Approval of the rezoning request before Knox County Commission to increase the maximum density for the PR (Planned Residential) zoning district to 2.5 du/ac (2-M-06-RZ).

2. Meeting all applicable requirements of the approved concept subdivision plan.

3. Meeting all applicable requirements of the Knox County Zoning Ordinance.

With the conditions noted, this plan meets the requirements for approval of the concept plan in the PR

zone and the other criteria for approval of a use-on-review

Comments: EFFECT OF THE PROPOSAL ON THE SUBJECT PROPERTY, SURROUNDING PROPERTY AND

THE COMMUNITY AS A WHOLE

1. The proposed subdivision will have minimal impact on local services since water and sewer utilities are in place to serve this site.

2. The proposed detached single-family subdivision is consistent in use and density with the recent rezoning recommendation.

CONFORMITY OF THE PROPOSAL TO CRITERIA ESTABLISHED BY THE KNOX COUNTY ZONING ORDINANCE

1. The proposed detached and attached single-family subdivision meets the standards for development within a PR Zone and all other requirements of the Zoning Ordinance.

2. The proposed subdivision is consistent with the general standards for uses permitted on review: The proposed development is consistent with the adopted plans and policies of the General Plan and Sector Plan. The use is in harmony with the general purpose and intent of the Zoning Ordinance. The use is compatible with the character of the neighborhood where it is proposed. The use will not significantly injure the value of adjacent property. The use will not draw additional traffic through residential areas.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. The proposed development is consistent with the Northwest County Sector Plan proposal of low density residential uses. The PR zoning recommended for this site will allow a density up to 2.5 du/ac. At a proposed density of 2.45 du/ac, the proposed subdivision is consistent with the Sector Plan and recommended zoning density.

Upon final approval of this request, the developer must prepare a design plan prior to the development of the property. During the design plan phase, grading, drainage, street design and construction, and connection to public utilities must satisfy technical engineering requirements before any development can proceed.

MPC Action: Approved MPC Meeting Date: 3/9/2006

Details of MPC action:1. Approval of the rezoning request before Knox County Commission to increase the maximum density for the PR (Planned Residential) zoning district to 2.5 du/ac (2-M-06-RZ).

2. Meeting all applicable requirements of the approved concept subdivision plan.

3. Meeting all applicable requirements of the Knox County Zoning Ordinance.

With the conditions noted, this plan meets the requirements for approval of the concept plan in the PR
