Other Bus./Ord. Amend.:

MPC ACTION AND DISPOSITION

Planner In Charge:

Michael Brusseau

Staff Recomm. (Abbr.):

RECOMMEND that County Commission APPROVE A (Agricultural) zoning for the entire site.

Staff Recomm. (Full):

Agricultural zoning is more appropriate for this site than the current Industrial zoning, is consistent with the current use of the site and will allow for building permits to be issued for any improvements to the existing residence. It is a significantly less intense zone than the current zoning.

Comments:

REZONING REQUIREMENTS:

NEED BASED ON SUBSTANTIALLY CHANGED/CHANGING CONDITIONS IN THE AREA OR THE COUNTY GENERALLY:

1. The subject parcel is developed with a residence that cannot be expanded or improved under the existing Industrial zoning.
2. Agricultural zoning will bring the current residential use of the property into conformance with zoning.

CONSISTENCY WITH INTENT AND PURPOSE OF THE ZONING ORDINANCE:

1. Agricultural zoning allows for agricultural uses and residential uses on lots of at least one acre in size.
2. The subject property is 1.36 acres in size, so it is therefore appropriate for the requested Agricultural zoning.

THE EFFECTS OF THIS PROPOSAL

1. Public water is available to the site. Sewer utilities are available in the general area, but may have to be extended to serve this site, if needed.
2. The proposal would have a minimal impact on schools or streets. The proposed zoning is less intense than the current I zoning.
3. There will be no impact on surrounding properties.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. With the recommended plan amendment to low density residential, Agricultural zoning is consistent with the Northeast County Sector Plan.
2. This site is located within the Planned Growth Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. Approval of Agricultural zoning for this site could lead to future similar requests in the area, which would also require sector plan amendments.
4. During the next update of the Northeast County Sector Plan, this area should be evaluated to determine if the current LI plan designation is appropriate.

State law regarding amendments of the general plan (which include Sector Plan amendments) was changed with passage of Public Chapter 1150 by the Tennessee Legislature in 2008. New law provides for two methods to amend the plan at TCA 13-3-304:

1. The Planning Commission may initiate an amendment by adopting a resolution and certifying the amendment to the Legislative Body. Once approved by majority vote of the Legislative Body, the amendment is operative.
2. The Legislative Body may also initiate an amendment and transmit the amendment to the Planning Commission. Once the Planning Commission has considered the proposed amendment and approved, not approved, or taken no action, the Legislative Body may approve the amendment by majority vote and the amendment is operative.
