MPC ACTION AND DISPOSITION

Planner In Charge: Tom Brechko

Staff Recomm. (Abbr.): APPROVE variance 1 because the site's shape and topography restrict compliance with the Subdivision Regulations, and the proposed variance will not create a traffic hazard.

APPROVE the Concept Plan subject to 5 conditions

Staff Recomm. (Full):

1. Connection to sanitary sewer and meeting any other relevant requirements of the Knox County Health Department.
2. Provision of street names which are consistent with the Uniform Street Naming and Addressing System within Knox County (County Ord. 91-1-102)
3. Construction of 5' wide sidewalks with a minimum of a 2' wide planting strip, as shown on the revised concept plan. All sidewalk construction must comply with the requirements of the Americans With Disabilities Act and the Knox County Department of Engineering and Public Works.
4. Meeting all applicable requirements of the Knox County Department of Engineering and Public Works.
5. Submitting to Planning Commission staff prior to final plat review by the Planning Commission, the certification of design plan approval form as required by the Knoxville-Knox County Subdivision Regulations.

Comments: The applicant is proposing to revise a 19.862 acre portion of Hayden Hill Subdivision from the previously approved detached residential lots (51 lots) to 82 attached residential lots. The site is located near the center of the subdivision.

The concept plan for the subdivision (9-SE-15-C/9-H-15-UR) was approved by the Planning Commission on September 10, 2015 for a total of 261 detached residential lots at a density of approximately 2.3 du/ac. Final plats have been recorded for the first phase of the subdivision with 124 lots on 54.997 acres. The remaining 86 detached residential lots on 38.442 acres will continue to be developed under the previously approved concept plan which will expire on September 10, 2020.

The Planning Commission had recommended approval of a rezoning application (3-B-18-RZ) to increase the overall density for this site from up to 2.5 du/ac to up to 3.0 du/ac on March 8, 2018. The Knox County Commission will consider the request on April 23, 2018.
