MPC ACTION AND DISPOSITION

Planner In Charge:

Staff Recomm. (Abbr.): APPROVE the plan for a duplex on this lot subject to 9 conditions

Staff Recomm. (Full):
1. Meeting all applicable requirements of the Knox County Health Dept.
2. Provision of a street name consistent with the Uniform Street Naming and Addressing System within Knox County (Ord. 91-1-102).
3. Provision of a "Class B" landscape screen along the full width of the rear of this lot adjoining Concord Woods Subdivision (see attached).
4. Meeting all applicable requirements of the Knox County Dept. of Engineering and Public Works.
5. Access being provided to this site via the joint driveway as shown on the development plan.
6. Meeting all requirements of the approved Concept Plan (6-SL-01-C).
7. Meeting all applicable requirements of the Knox County Zoning Ordinance.
8. Provision of a minimum of 12,000 sq. feet of lot area,
9. A geotechnical report stating the depression on this lot is not a sinkhole and any lost stormwater storage is replaced on the site.

With the conditions noted this plan meets the requirements for approval in the RA Zone and the other criteria

Comments: The applicant is proposing to construct a duplex on this lot and the other lots in the proposed development. The site backs up to homes in Concord Woods Subdivision. The homes across Loop Rd. are oriented to the internal street system of Concord Farms Subdivision. A church is located on Loop Rd. west of Concord Woods Dr. Loop Rd. is classified as a collector street.

Staff is recommending approval of this request because the adjoining single family developments are oriented away from this site. Staff will require landscape screening that will create a buffer between the single family dwellings and the proposed duplex. Loop Rd., is classified as a collector street. This would suggest that traffic from a number of different developments are using the road for access to Concord or Woody Roads. Increased traffic on this road makes less this site desirable for single family development. Traffic from the duplex development will be only slightly higher than what would be expected with single family development. With these conditions, staff feels the development of a duplex on this site would not have a negative impact on the area. The architectural characteristics of the proposed unit will blend into the surrounding area. Safe access will be provided via a common driveway with limited access points to Loop Rd.
