PLANNING COMMISSION ACTION AND DISPOSITION

Planner In Charge: Levan King Cranston

Staff Recomm. (Abbr.): Approve closure of a portion of N. Twenty Third St. between its intersection with Donald Lee Derrickson Ave. and Euclid Ave. and its northern terminus.

Staff Recomm. (Full):

Comments:

1. This request is to close the remaining portion of N Twenty Third Street its intersection with Donald Lee Derrickson Avenue and Euclid Avenue to its northern terminus.
2. This section of road currently provides access to parcel 094OC001. However, all surrounding parcels are under the same ownership. It is staff's understanding is that the owner will be controlling the roadway as a private driveway rather than a public right-of-way, so they will not be blocking any access points to the property below. However, if owner were to sell or replat in the future, they would have to provide approvable legal access at that time.
3. No address changes would be necessitated with this closure.
4. Staff has received no objections from the general public.
5. Staff has received comments from the following departments and organizations:
 - a. KUB has the following comments:
 - Should this right-of-way be closed, KUB will require the following permanent easements for its utility facilities.
 - Electric: 10 feet on each side of the centerline of the electric line, 20 feet total width.
 - b. The City Engineering Department has no objections to close the above described right-of-way area.

However, should this right-of-way be closed, the City will reserve easements for all drainage facilities and utilities, if there are any current facilities, located in or within five (5) feet of the property described herein.

No easements are reserved if there are no current facilities within the closure area. If any existing facilities or utilities are found not feasible to the site development or use, they may be removed and relocated, subject to City Engineering and/or other applicable easement holder review and approval.
6. Other than the City of Knoxville Engineering Department and KUB, no other departments had any comments.
