Staff Recomm. (Full):

Comments:

This plan was submitted prior to the adoption of the Knox County Comprehensive Land Use and Transportation Plan. The new Comprehensive Land Use and Transportation Plan was adopted on April 26, 2024 and this request was evaluated under it.

PURSUANT TO THE KNOX COUNTY ZONING ORDINANCE, ARTICLE 6.30.01, THE FOLLOWING CONDITIONS MUST BE MET FOR ALL REZONINGS (must meet all of these):

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE COUNTY GENERALLY:

1. The area surrounding the subject property has experienced a transition from the A (Agricultural) zone to the PR (Planned Residential) zone since the late 1980s. Additionally, the area to the north of this property is zoned RA and RAE (Estate).

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

- 1. The RA zone provides for residential areas with low population densities. The surrounding area consists of low density residential development, so the request for RA on this property is consistent with the zone's intent.
- 2. Rezoning should be based on the entire range of uses allowed within a zone to ensure that any development brought forth at a future time would be compatible with the surrounding land uses. The RA zone allows predominantly residential uses, though there are a handful of low-impact, nonresidential uses allowed.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE COUNTY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT.

- 1. This property is located in an area with a mix of commercial, office, and residential uses and densities. Christian Academy of Knoxville Elementary, Middle, and High schools are across the street. Surrounding residential zoning includes the A, RA, and PR zones, the latter with densities of up to 4 and 5 du/ac. The RA zone is consistent with the area, and there are various commercial and office-related zones in the area around the N Cedar Bluff Rd intersection.
- 2. The RA zone has a minimum lot size of approximately 10,000 sq ft, which yields a density of roughly 4 du/ac. Built at maximum capacity, this property could be developed with up to 3 lots.
- 3. Dutchtown Road is a major arterial, so no traffic would be required through residential streets to access the property, and the addition of up to 3 lots is not anticipated to have an adverse impact on traffic patterns.
- 4. The parcel is in the Cedar Bluff Elementary and Middle School Parental Responsibility Zone, and Dutchtown Road has sidewalks on both sides of the street at this location.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE COMPREHENSIVE PLAN OF KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. The property is in the Planned Growth Area of Knox County. The Purpose Statement of the Planned Growth Area includes the intent to encourage a reasonably compact pattern of development, offer a range of housing options, and coordinate actions of the public and private sectors regarding the provision of adequate roads, utilities, schools, drainage, and other public facilities and services. The

subject property is served by sewer and is in the parental responsibility zones of Cedar Bluff Elementary and Cedar Bluff Middle Schools. These factors combined with the subject property's location on Dutchtown Road, a minor arterial, meet the stated intent of the Planned Growth Area.

2. This application was accepted when the General Plan was still in effect. The subject property was designated as the LDR (Low Density Residential) land use classification in the Northwest County Sector Plan, which allowed consideration of the RA zone for properties in the Planned Growth Areas of the Growth Policy Plan.

3. Under the Comprehensive Plan, the property is designated as the SMR (Suburban Mixed Residential) place type in the Knox County Comprehensive Plan, which allows consideration of the RA zone.

4. The RA zone is consistent with the Comprehensive Plan's implementation policy 2, to ensure that new development is sensitive to existing community character. The lot sizes and uses allowed by the RA zone are consistent with other residential development in the area.

Action: Approved **Meeting Date:** 6/13/2024

Details of Action:
