

CASE SUMMARY

APPLICATION TYPE: REZONING

File Number: 6-G-18-RZ
Application Filed: 4/27/2018
Applicant: SMITHBILT, LLC

Related File Number:
Date of Revision:

PROPERTY INFORMATION

General Location: East side Willow Fork Ln., north side E. Emory Rd.
Other Parcel Info.:
Tax ID Number: 38 122 **Jurisdiction:** County
Size of Tract: 5.7 acres
Accessibility: Access is via E. Emory Rd., a major arterial street with 23' of pavement width within 50' of right-of-way.

GENERAL LAND USE INFORMATION

Existing Land Use: Residence and outbuildings
Surrounding Land Use:
Proposed Use: Detached residential development **Density:** 5 du/ac
Sector Plan: North County **Sector Plan Designation:** LDR
Growth Policy Plan: Planned Growth Area
Neighborhood Context: This area is developed with agricultural and rural to low density residential uses under A, PR, RA, RB and RAE zoning.

ADDRESS/RIGHT-OF-WAY INFORMATION (where applicable)

Street: 7404 Willow Fork Ln

PLANNING COMMISSION ACTION AND DISPOSITION

Planner In Charge:

Michael Brusseau

Staff Recomm. (Abbr.):

RECOMMEND that County Commission APPROVE PR (Planned Residential) zoning at a density of up to 5 du/ac.

Staff Recomm. (Full):

PR zoning at the requested density is consistent with the sector plan designation and will allow uses compatible with the surrounding land uses and zoning pattern. The site is not shown within the hillside protection area on the sector plan, and has direct access to E. Emory Rd., a major arterial street, so is appropriate for development at the maximum density allowed under the LDR sector plan designation.

Comments:

REZONING REQUIREMENTS FROM ZONING ORDINANCES (must meet all of these):

THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE CITY/COUNTY GENERALLY:

1. This site is accessed from either E. Emory Rd., a major arterial street, or Willow Fork Ln. and is in the vicinity of other residential developments that are zoned PR and RA at comparable densities.
2. The property is located in the Planned Growth Area on the Growth Policy Plan and is proposed for low density residential uses on the sector plan, consistent with the proposal.
3. The proposed low density residential zoning and development is compatible with the scale and intensity of the surrounding development and zoning pattern.
4. The site is appropriate to be developed under PR zoning at the maximum permissible density in the LDR category. The site does not have significant slope or other environmental constraints, and has access to a major arterial street.
5. The PR zone requires use on review approval of a development plan by MPC prior to construction. This will provide the opportunity for staff to review the plan and address issues such as traffic circulation, lot layout, recreational amenities, drainage, types of units and other potential development concerns. It will also give the opportunity for public comment at the MPC meeting.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:

1. PR zoning is intended to provide optional methods of land development which encourage more imaginative solutions to environmental design problems. Residential areas thus established would be characterized by a unified building and site development program, open space for recreation and provision for commercial, religious, educational and cultural facilities which are integrated with the total project by unified architectural and open space treatment.
2. Additionally, the zoning states that each development shall be compatible with the surrounding or adjacent zones. Such compatibility shall be determined by the Planning Commission by review of development plans. Staff maintains that PR is the most appropriate zone for this development.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE COUNTY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT:

1. At the requested density of up to 5 du/ac on the 5.7 acres reported, up to 28 dwelling units could be proposed for the site. If developed with the detached residential units, this would add approximately 321 trips to the street system and about 11 children to the school system.
2. PR zoning at the recommended density is compatible with surrounding development and should have a minimal impact on adjacent properties.
3. The approval of this request will allow the applicant to submit a development plan with up to 28 dwelling units for MPC's consideration. The area within the Floodplain will not count toward density, so the total number of units allowed may be less, depending on the size of that area.
4. The site is located within the Parental Responsibility Zone for Halls High School. Sidewalks will be required on at least one side of the streets within the development and along the E. Emory Rd. frontage.
5. The PR zoning district has provisions for preservation of open space and providing recreational

amenities as part of the development plan. The applicant will be expected to demonstrate how these provisions are met as part of the required development plan review.

6.. Public water and sanitary sewer utilities are available in the area, but may need to be extended to serve the site.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:

1. The North County Sector Plan proposes low density residential uses for this property, consistent with the requested PR zoning at up to 5 du/ac.
2. The site is located within the Planned Growth Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. Approval of this request could lead to future requests for PR zoning, consistent with the sector plan's low density residential proposal for the area.

Upon final approval of the rezoning, the developer will be required to submit a development plan for MPC consideration of use on review approval prior to the property's development. The plan will show the property's proposed development, landscaping and street network and will also identify the types of residential units that may be constructed. Grading and drainage plans may also be required at this stage, if deemed necessary by Knox County Engineering and MPC staff.

Action: Approved **Meeting Date:** 6/14/2018

Details of Action:

Summary of Action: Recommend the Knox County Commission APPROVE PR (Planned Residential) zoning at a density up to 5 dwelling units per acre

Date of Approval: 6/14/2018 **Date of Denial:** **Postponements:**
