Staff Recomm. (Full):

Comments:

ONE YEAR PLAN AMENDMENT REQUIREMENTS FROM GENERAL PLAN (May meet any one of these):

AN ERROR IN THE PLAN:

1. The MU-RC land use classification covers approximately 385 acres of the downtown Knoxville area. This request represents an approximate 8 acre area, adjacent to downtown. The subject property is bounded on two sides by the right-of-way for the overpass of James White Parkway and a railroad line, as well as the Tennessee River along the southern boundary. The MU-RC classification is envisioned to be the highest intensity mixed use centers. These districts should be served by sidewalk and transit systems and be located on a major arterial, adjacent to an interstate, highway or adjacent to downtown. This development request is for a rezoning, sector plan amendment and one year plan amendment to redevelop this underutilized industrial area.
2. The site is located within less than 500-ft of an existing transit stop, adjacent to an existing park and near an opportunity area identified in the Central City Sector Plan as the Northeast Waterfront, that was noted as having the potential to allow of mix of uses similar to the South Waterfront District across the river.

A SIGNIFICANT CHANGE IN THE DEVELOPMENT PATTERN, OR THE COMPLETION OF A PUBLIC IMPROVEMENT (ROAD, PARK, SEWER), WHICH CHANGES THE BASIS ON WHICH THE PLAN WAS DEVELOPED FOR AN AREA:

1. Since 2010 multi-dwelling residential has continued to expand east of E. Hill Avenue. This change in the development pattern has prompted significant interest in residential development in vacant and underutilized industrial properties adjacent to the Tennessee River.

A CHANGE IN PUBLIC POLICY, UNANTICIPATED BY THE PLAN:

1. There has been no change in public policy that would initiate the need for a plan amendment, however, the Northeast Waterfront was identified for a possible expansion of mixed use development in the Central City Sector Plan.

NEW INFORMATION (INCLUDING NEW PLANS AND STUDIES PRODUCED BY KNOXVILLE-KNOX COUNTY PLANNING) BECOMING AVAILABLE, WHICH REVEALS THE NEED FOR A PLAN AMENDMENT:

1. No new information that has been produced by this agency has revealed the need for a plan amendment. However, local data sources and national data trends note an increased demand for a range of housing opportunities, which an expansion of a mixed use special district could enable.
