MPC ACTION AND DISPOSITION

Planner In Charge:

Michael Brusseau

Staff Recomm. (Abbr.):

RECOMMEND that County Commission APPROVE RA (Low Density Residential) zoning.

Staff Recomm. (Full):

RA zoning allows compatible uses with the surrounding development and zoning pattern and is consistent with the sector plan proposal for the site.

Comments:

NEED BASED ON SUBSTANTIALLY CHANGED/CHANGING CONDITIONS IN THE AREA OR THE COUNTY GENERALLY

1. RA zoning is compatible with the scale and intensity of the surrounding development and zoning pattern in the area.
2. There is a large area of RA zoning already in place to the north of this site. This proposal is an extension of that RA from the north.
3. The proposed RA zoning is consistent with the Northeast County Sector Plan proposal for the site.

CONSISTENCY WITH INTENT AND PURPOSE OF THE ZONING ORDINANCE

1. RA zoning provides for residential areas with low population densities. These areas are intended to be defined and protected from encroachment of uses not performing a function necessary to the residential environment.
2. Based on the above description, this site is appropriate for RA zoning.
3. If connected to sewer, the RA zone allows detached residential development with a minimum lot size of 10,000 sq. ft. Without sewer, the minimum lot size is 20,000 sq. ft., subject to approval by Knox County Health Department.

THE EFFECTS OF THIS PROPOSAL

1. Public water and sewer utilities are available in the area, but may need to be extended to serve the site.
2. The impact to the street system will be minimal. When a plat is submitted to subdivide the property, a right-of-way dedication will be required. In this section of Foust Dr., this dedication will be 25 feet from the right-of-way centerline.
3. The proposed zoning is compatible with surrounding development, and the impact should be minimal, as the two residential structures are already in place.
4. The applicant intends to subdivide this 1.7 acre parcel into 2 lots to provide separate lots for the two residential structures on site.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. The Northeast County Sector Plan proposes low density residential use for the site, consistent with the requested RA zoning.
2. The site is located within the Planned Growth Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. Approval of this request may lead to future requests for RA zoning on surrounding properties zoned Agricultural, which is consistent with the sector plan proposal for low density residential uses in the area.
