MPC ACTION AND DISPOSITION

Planner In Charge: Dan Kelly

Staff Recomm. (Abbr.): APPROVE the request to reduce the front yard setback from 30' to 20' as shown on the development plan subject to 2 conditions

Staff Recomm. (Full):
1. Meeting all applicable requirements of the Knoxville Dept. of Engineering.
2. Meeting all requirements of the approved concept plan and final plat.

With the conditions noted, this plan meets the requirements for approval in the RP-1 district and the other criteria for approval of a use on review.

Comments: The site in question is located in the Spring Hills Villa Subdivision. The project contains 105 lots. The development in the subdivision is to be a mixture of attached and detached single family dwellings. The concept plan for this project was approved with the minimum front setback for the detached units at 30'. Since the concept plan was approved, an amendment to the Knoxville zoning Ordinance has been approved that gives MPC greater flexibility in reviewing the setbacks in the RP-1 (Planned Residential) District. Staff believes that reducing the setback for this lot will not have a negative impact on the remainder of the subdivision.
