Application Filed: 7/15/2005 **Date of Revision:**
Applicant: EAGLE BEND REALTY, LLC
Owner:

PROPERTY INFORMATION

General Location: South and east side Nubbin Ridge Rd., southwest of Hampson Ln.
Other Parcel Info.:
Tax ID Number: 133 F B 014,01501,01503 **Jurisdiction:** County
Size of Tract: 12 acres
Accessibility: Access is via Nubbin Ridge Rd., a major collector street with 18' to 20' of pavement within a 50' right-of-way.

GENERAL LAND USE INFORMATION

Existing Land Use: Residence and vacant land
Surrounding Land Use:
Proposed Use: Single family subdivision **Density:** 1 to 5 du/ac.
Sector Plan: Southwest County **Sector Plan Designation:**
Growth Policy Plan: Planned Growth Area
Neighborhood Context: This site is within a low density residential area zoned RA, where several parcels, including this site, are large enough to redevelop.

ADDRESS/RIGHT-OF-WAY INFORMATION (where applicable)

MPC ACTION AND DISPOSITION

Planner In Charge:

Ken Pruitt

Staff Recomm. (Abbr.):

APPROVE PR (Planned Residential) zoning.
APPROVE a density of 1 to 5 dwellings per acre

Staff Recomm. (Full):

PR zoning at 1 to 5 du/ac. Is consistent with the surrounding RA zoning. The sector plan proposes low density residential use for the site.

Comments:

NEED AND JUSTIFICATION FOR THE PROPOSAL

1. PR zoning at up to 5 du/ac is compatible with the scale and intensity of the surrounding development and RA and PR zoning pattern.
2. Other properties in the immediate area are developed with residential uses under RA and PR zoning.
3. The recommended PR at 1 to 5 du/ac. is consistent with the established attached residential development to the northwest zoned PR at 7 du/ac.
4. The site is located in an 'S' curve of Nubbin Ridge Rd., that will make access to this site difficult. PR zoning requires MPC use on review approval of a site plan prior to any development of the property that will permit public review of any development proposal. During this review, potential issues such as traffic, drainage, access, topography, lot layout and other development concerns can be addressed.

THE EFFECTS OF THE PROPOSAL

1. Public water and sewer utilities are available in the area to serve this site.
2. At the recommended acreage and density, up to 60 dwelling units could be proposed for the project. The development of the proposed single family attached dwellings would add approximately 600 vehicle trips per day to the street system and about 33 children under the age of 18 to the school system.
3. Access to this residential development should be placed to provide adequate sight distance from the curve in Nubbin Ridge Rd to the east and west. The developer will be expected to work with Knox County Engineering and Public Works and MPC to provide adequate and safe access to the property.
4. Under the recommended PR zoning and density, the impact to adjacent properties will be minimized through the use on review/concept plan process.

CONFORMITY OF THE PROPOSAL TO ADOPTED PLANS

1. The West City Sector Plan proposes low density residential uses for the site, consistent with the proposal.
2. The site is located within the Planned Growth Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.
3. This request may generate similar requests for PR zoning in this area in the future, consistent with the sector plan proposal.

Upon final approval of the rezoning, the developer will be required to submit a concept plan/use on review development plan prior to the property's development. The plan will show the property's proposed lot pattern and street network and will also identify the types of residential units that may be constructed. Grading and drainage plans may also be required at this stage, if deemed necessary by Knox County Engineering and MPC staff.
