MPC ACTION AND DISPOSITION

Planner In Charge:

Tom Brechko

Staff Recomm. (Abbr.):

APPROVE the development plan for the proposed office park development and soccer field with a total building area of 20,000 square feet, subject to 5 conditions

Staff Recomm. (Full):

1. Connection to sanitary sewer and meeting any other relevant requirements of the Knox County Health Department.
2. Meeting all applicable requirements of the Knox County Zoning Ordinance.
3. Obtaining a variance from the Knox County Board of Zoning Appeals from the requirement for a detailed engineering study to justify fill in the no-fill zone for the proposed access drive and parking lot, and submitting a mitigation plan to the Knox County Department of Engineering and Public Works demonstrating a balance of the cut and fill within the no-fill zone.
4. Meeting all applicable requirements of the Knox County Department of Engineering and Public Works.
5. Recording the approved protective covenants for this Planned Commercial development.

With the conditions noted, this plan meets the requirements for approval of a Use-on-Review in the PC district.

Comments:

The applicant is proposing to develop this 7.5 acre site as an office park development and soccer field. The development will include three office buildings (existing Hardin Valley Internal Medicine facility and two proposed buildings) with a total building area of approximately 20,000 square feet. A soccer field is also proposed for the site and will be located within the floodway and no-fill zone. A use-on-review approval (10-L-05-UR) was granted for this development on October 13, 2005. This development plan has been submitted for review to evaluate the parking lot changes within the floodway and no-fill zone. Access for the site is via Willow Point Way a private drive with access to Hardin Valley Rd.

The applicant will be requesting a variances from the Knox County Board of Zoning Appeals (BZA) from the requirement for a detailed engineering study to justify fill in the no-fill zone. Instead the developer will mitigate by balancing cut and fill within the no-fill zone.

The Engineering Department agrees that the soccer field would be an acceptable buffer in the Floodway Zone. They will also allow porous pavement or gravel parking within the buffer zone.

Protective covenants have been prepared for this development.

EFFECT OF THE PROPOSAL ON THE SUBJECT PROPERTY, SURROUNDING PROPERTIES AND THE COMMUNITY AS A WHOLE

1. Public water and sewer utilities are available in the area to serve this site.
2. The existing left turn lane from Hardin Valley Rd. into the development is adequate for the proposed development.
3. The impact of the proposed development on adjacent residential properties will be minimal, because the property has access only to Hardin Valley Rd., and does not face any established residential uses. The proposal will have no impact on schools.
4. The proposed development is compatible with the scale and intensity of the surrounding development and zoning pattern.

CONFORMITY OF THE PROPOSAL TO CRITERIA ESTABLISHED BY THE KNOXVILLE ZONING ORDINANCE

1. The proposal meets all requirements of the PC zoning district as well as the general criteria for approval of a use on review.

2. The proposed commercial development is consistent with the following general standards for uses permitted on review: The proposal is consistent with the adopted plans and policies of the General Plan and Sector Plan. The use is in harmony with the general purpose and intent of the Zoning Ordinance. The use is compatible with the character of the neighborhood where it is proposed. The use will not significantly injure the value of adjacent property. The use will not draw substantial additional traffic through residential areas. No surrounding land uses will pose a hazard or create an unsuitable environment for the proposed use.

CONFORMITY OF THE PROPOSAL TO ADOPTED MPC PLANS

1. The Northwest County Sector Plan (updated August 2003) proposes light industrial uses for the site. PC (Planned Commercial) is listed as a permitted zone under the light industrial designation.
2. The site is located within the Planned Growth Area on the Knoxville-Knox County-Farragut Growth Policy Plan map.

MPC Action:

Approved

MPC Meeting Date: 8/14/2008

Details of MPC action:

1. Connection to sanitary sewer and meeting any other relevant requirements of the Knox County Health Department.
2. Meeting all applicable requirements of the Knox County Zoning Ordinance.
3. Obtaining a variance from the Knox County Board of Zoning Appeals from the requirement for a detailed engineering study to justify fill in the no-fill zone for the proposed access drive and parking lot, and submitting a mitigation plan to the Knox County Department of Engineering and Public Works demonstrating a balance of the cut and fill within the no-fill zone.
4. Meeting all applicable requirements of the Knox County Department of Engineering and Public Works.
5. Recording the approved protective covenants for this Planned Commercial development.

With the conditions noted, this plan meets the requirements for approval of a Use-on-Review in the PC district.

Summary of MPC action:
