MPC ACTION AND DISPOSITION

Planner In Charge:

Ken Pruitt

Staff Recomm. (Abbr.):

APPROVE PR (Planned Residential) zoning.
APPROVE a density of 1 to 4 dwellings per acre

Staff Recomm. (Full):

PR zoning at 1 to 4 du/ac. is consistent with other recent PR zoning approved for the area. The sector plan proposes low density residential use for the site.

Comments:

A. NEED AND JUSTIFICATION FOR THE PROPOSAL

1. This site is located on a substandard local street scheduled for improvement, and has both public water and sewer service available from KUB.
2. The availability of public water and sewer utilities support this site's residential development under PR zoning with low density residential uses.
3. The applicant has agreed to participate in the widening of Sands Rd. as part of his development process.

B. EFFECTS OF THE PROPOSAL

1. The requested PR zoning at up to 4 du/ac would allow consideration of a maximum of 5 units on this site. The maximum development would add approximately 50 vehicle trips per day for area roads, and add approximately 3 children to the area's school population.
2. Access is via Sands Rd., a local street with only a 16' pavement width.
3. Road improvements will need to be addressed as part of the PR use on review process, including how those improvements would be implemented, before any rezoning occurs.

C. CONFORMITY OF PROPOSAL TO ADOPTED PLANS

1. Although the property adjoins low density residential development to the east. Development of this site with low density residential uses would result in compatible uses facing each other.
2. The Growth Policy Plan identifies this site for urban growth.
3. The Northwest County Sector Plan supports low density residential development for this site when urban services and adequate roads are provided.

MPC Action:

Approved
